Fire Officer III

A Fire Officer III is a midlevel supervisor who performs both supervisory and first line managerial functions who has met all the job performance and certification requirements of Fire Officer II as defined in NFPA 1021, Standard for Fire Officer Professional Qualifications. An individual at the Fire Officer III level as part of his or her duties and responsibilities:

- Establishes procedures for hiring, assigning, promoting, and encouraging professional development of members
- Develops programs that improve and expand service and build partnerships with the public
- Prepares a divisional or departmental budget, develops a budget management system, solicits bids, plans for resource allocation and works with information management systems
- Evaluates inspection programs to determine effectiveness and develops public safety plans
- Manages multiagency planning, deployment, and operations
- Develops, manages and evaluates a departmental safety program

The Fire Officer III Course is a 56-hour course that covers everything from general Chief Officer responsibilities to emergency management. As a Chief Officer you have a lot of responsibilities in the field of administration. Through the eyes of a Chief Officers we will explore the components of budgets, program development, personnel, and much more. This course will provide you insight as to the details of the administration side of the fire service and provide you with the next step into becoming a Chief.

This course is a hybrid course that will take you through the entire IFSTA Chief Officer Manual. You will be tested academically on the information in this manual around the items that pertain to Fire Officer III. You will also be tested on a variety of skills as well. The skills will be tested through the project-based assessment in which each student will complete. This course follows NFPA 1021 and also covers many other NFPA Standards as well. Our course curriculum comes directly from the Texas Commission on Fire Protection.

For more information about this course feel free to visit us on our website or give us a call.
